

**INVITATION TO FIN5
ORIENTEERING WEEK IN SALLA**

Salla

In the middle of nowhere

5.-10.7.2026

GREETINGS FROM THE COMPETITION DIRECTOR

When Lapin Suunnistus (Lapland Orienteering Association) reached out to us with the opportunity to organize the FIN5 event, we accepted the challenge without hesitation. We saw this as recognition for the hard work our small club has put into orienteering.

The terrains here are both challenging and stunning. Lapland’s nature shows its finest side. If you happen to lose track because of the beautiful scenery—don’t panic. Just take a moment to sit down on the moss, fill your lungs with the world’s purest air, and continue toward the control point.

We approach our work with a twinkle in the eye but take it seriously. Respect for nature is our top value. The competition center will remain in the same location throughout the event and is within walking distance from accommodations, enabling ecological transportation for both competitors and supporters.

Welcome to enjoy the midnight sun in the middle of nowhere!

Asko Viitanen

(P.S. The traditional boundary of stress is the Arctic Circle—so leave your worries behind, except on the course.)

WELCOME TO SALLA, LAPLAND – A DIFFERENT KIND OF ORIENTEERING WEEK IN THE MIDDLE OF NOWHERE

FIN5 SALLA is a five-day orienteering event where everyone, regardless of age and orienteering skills, can get to know orienteering and experience the wilderness of Salla from a new perspective.

The FIN5 orienteering event has been organized in Finland since the 1980s, but only once before has the event been held in Lapland. The competition centre will remain in the same location for the whole week, in the Salla Wilderness Park, which also serves as the Visitor Centre of Salla National Park.

The FIN5 orienteering event will bring together experienced competitive orienteers, fitness orienteers and first-time orienteers in different terrains every day. Two days will be spent orienteering in the national park, the sprint will be run in a reindeer fence and the last day will be spent also in a protected forest area. Many thanks to Finnish Parks and Wildlife for allowing us to organize the race in such a great setting.

The competition centre is accessible by public transport! There is a night train from Helsinki to Kemijärvi (vr.fi) and a bus connection from the train to Salla-Sallatunturi, final stop is at the competition centre. There is also a bus connection from Kuusamo flights to Sallatunturi. Those staying at Sallatunturi area do not need parking, as you can leave your car in the yard of your accommodation and go to the competition centre either by bus, bike or walking. For day visitors there is a parking area available by extra fee at Sallatunturi.

In addition to new orienteering terrain and experiences, the week will feature a wide range of activities. Come and experience the atmosphere of the International Orienteering Event in the middle of nowhere!
